

UNIT-e Student Records Tracking Solution (SRTS) Attendance Manager

Seamlessly integrated into your Management Information System to provide you with detailed attendance information, even in the classroom.

Capita Education Services provides a powerful solution for the tracking of students. An important part of this tracking is attendance monitoring. By seamlessly integrating to the rest of the tracking system, we enable users to access the most comprehensive information.

Attendance Manager

Attendance Manager is the new register solution for UNIT-e. Allowing you to generate registers either based on your curriculum and resource information, or as ad-hoc rapid creation. A number of deployment and mark capture techniques can be used including;

Capture Technologies

In addition in integration with handheld technology from Bromcom and Intelligent Character Recognition (ICR) from Tokairo. We also offer a web-based solution allowing your lecturers to capture attendance in real-time directly from the classroom.

Reporting

In consultation with users we have developed a comprehensive set of reports covering student attendance analysis, percentage analysis based on sessions and hours with aggregation at many different levels.

Attendance Manager Online

Attendance Manager Online is an additional module that allows you to devolve mark capture to your lecturers in the classroom. This highly effective system is purposefully kept clean and simple.
