

UNIT-e Student Records Tracking Solution (SRTS) Exams Manager

Enabling the efficient processing of exams data and exam processes.

UNIT-e Exams Manager provides a suite of dedicated applications for the management of exams data and processes. This covers exam entry and board submissions for GCE, GCSE, CGLI and BTEC, plus all other qualifications that meet the standards of the Joint Council for Qualifications.

How it works

UNIT-e Exams Manager provides full functionality to enable you to process all examinations related data. You can define exam boards and centres, import base data, and set up exam subjects and exam papers. Having set up the necessary data, tools are provided to enable you to enter students onto a particular day's examination sessions, organise seating, perform clash checking and manage exam entries and exam results. The Exams Manager application also enables you to import and export the necessary data to and from exam boards, for all qualifications that meet the standards of the Joint Council for Qualifications. This includes GCE, GCSE, CGLI and EDIFACT format.

The UNIT-e Exam Seating facility enables you to allocate exam seats to students using specific room layouts and a variety of seating options.

Exam Seating Plan
MH - Main Hall () (18-Dec-2004 08:00-13:00)

A1 Savage Esau 31261F BUSINESS A 09:00	B1 Swayne Elsa 31261F BUSINESS A 09:00	C1 Smith Esther 31261F BUSINESS A 09:00	D1 Ellis Suvari 31261F BUSINESS A 09:00
